Select your Quality Glass Block Patterns that best suits you and your home!

3" THINLINE® Series

ALPHA

This new circular pattern gives an exciting new way to bring more light and drama to any project.

NUBIO ●

Intersecting random wave pattern, provides an attractive appearance and excellent privacy. Smooth exterior surface for easy cleaning.

AKTIS

Contemporary diamond prismatic design creates maximum privacy and allows moderate light transmission.

CLARITY ●

Faces are smooth and undistorted to transmit the most light and allow ultimate visibility. This is your best choice for passive solar collection and visual clarity.

ICE

Random texture built over the Nubio pattern. More privacy but without a fixed geometric design.

DIAMOND

This repeated diamond pattern features a raised half sphere in each for a stylish look that also allows for privacy.

BRONZE

The wavy undulations of this pattern provides moderate light transmission with subtle visual distortion in a light brown color.

Each offers its own unique style, degree of light transmission and privacy. Perfect for replacement or new window applications.

● = 8" x 8" x 3" Blocks available in Energy Savings

4" PREMIERE® Series

NUBIO

The wavy undulations of this pattern provides maximum light transmission with subtle visual distortion.

ALPHA

This new circular pattern gives an exciting new way to bring more light and drama to any project.

CORTINA

Non-directional pattern lets light in without sacrificing privacy. Maximum light transmission and a maximum degree of privacy.

CLARITY

Faces are smooth and undistorted to transmit the most light and allow ultimate visibility. This is your best choice for passive solar collection and visual clarity.

CROSS RIBBED

Rounded and perpendicular flutes diffuse light while allowing maximum light transmission and a maximum degree of privacy.

LIGHT-DIFFUSING

The fine grid design of the closely spaced ridges in this pattern offers moderate light transmission and a maximum degree of privacy.

ARCTIC

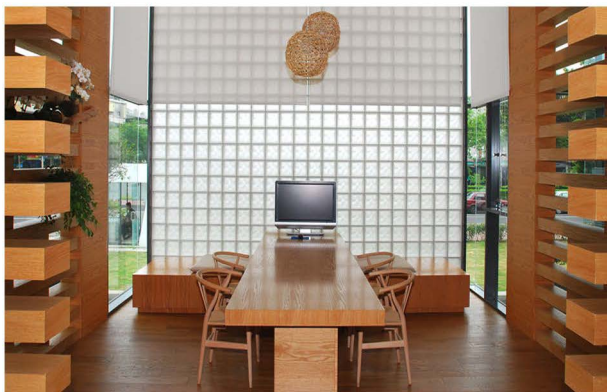

Frosted Glass appearance that yields excellent privacy without pattern. Texture on inside of Glass for easy cleaning.

REGENT

Multi-faceted Diamond patterns for strong sun-dappled shadows and a sparkling effect in bright sunlight - offers moderate light and privacy.

The 4" Premiere Series offers the widest variety of sizes, shapes and patterns for the ultimate in design flexibility, product stability and perfected performance.

4" PREMIERE® Series Shapes

8" END BLOCK

The rounded, finished surface on one edge makes the block virtually disappear when used on the edge of panels.

8" ALLBEND 22.5°

Is a brilliant way to create smooth graceful curves and columns by forming a consistent, tight curves ideally suited for columns.

8" DOUBLE END

Arched, soft edges to round out your design options or finish panels. Use with 8" End Block for a stepped panel.

8" TRIDRON 45°

The unique shape of this block lets you create everything from 45-degree angles to full circles.

8" CORNER 90°

Radiused corner unit allows you to form 90-degree corners resulting in a gently rounded continuous glass face.

All Shapes available in Both Nubio and Cortina Patterns.

All Glass Blocks are available in Frosted Finish 1 Side or 2 Sides, upon special order.
